

## Barnaby loves post

Barnaby Bear has carefully applied for an around the world permit, given that bears are immune to co-vid 19. He will be very busy tasting different foods and visiting special places. During his spare time he may send his favourite class postcards, so keep your eyes peeled. Barnaby loves sending postcards almost as much as he loves reading letters. If you would like to send Barnaby bear any letter or postcard to share your experiences at home or favourite things you can post them to school and we will make sure we forward them to him. He would love to know your favourite places as he always looks for new areas to visit.
