

## Show and Tell presentation - Around the world

This term we are learning about 'around the world', investigating different cultures and environments, considering their similarities and differences to home. We will have fun exploring different countries each week and we will keep adding suggestive activities so that you have enough to keep you learning, however it is important for you to choose material and activities that are correct for your child, as every child is different and will be capable of achieving different goals.

Thinking ahead to the day that we can return safely to school, we will have show and tell presentations where children will talk about a favourite place that they have been to, or talk about a country that they have been learning about at home. Children can bring in souvenirs or photos, or alternatively use a poster, power-point or fact sheet created at home to share with the class.

I look forward to hearing everyone when we are back in class and will support any who are nervous. This activity is a great way of extending learning for those wanting more ways to focus learning. Comparing different parts of the world, seeing their similarities and differences and exploring how people from those areas live, would be a great challenge. If you want to explore more than one country please share your work online with us but for the show and tell keep it to one location. I look forward to also hearing about personal stories of favourite trips that could be from a trip to a local farm or Barbados. We encourage all conversations at home no matter of their experiences and hope that when we return to school there will be a wide range of places talked about.

Currently the deadline will be after half term, however slots for show and tell will be shared much closer to the time. Any questions please contact the EYFS team on [Tapestry/](#) [ruby@spellbrook.herts.sch.uk](mailto:ruby@spellbrook.herts.sch.uk)
