

Polar Regions

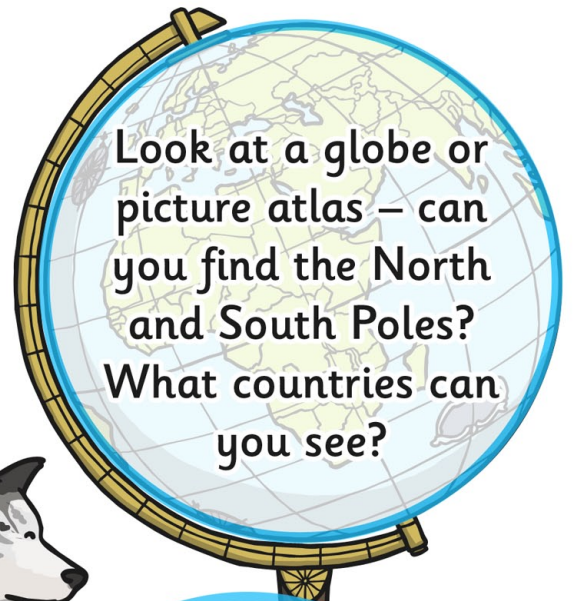

Home Learning Challenge

Paint a picture or create a collage of your favourite polar animal – maybe it could be a penguin, a polar bear, a reindeer or a seal.

You could use different materials to create feathers or fur or add cotton wool for some snow!

Draw a picture of an animal or person who lives in the polar regions. Write some short sentences to describe them.

Look at a globe or picture atlas – can you find the North and South Poles? What countries can you see?

Find out about some animals that live in polar regions. Can you remember a fact to tell your friends?

Use some building bricks or cardboard boxes to make a model igloo! Maybe you could paint it white to look like snow.

If 10 penguins were on an iceberg and 4 go for a swim, how many are left on the iceberg? You could draw a picture or use your fingers to help you work out the answer!
