# One More, One Less Number Writing Sheet

Write the numbers that come before and after.

## Filling in Missing Numbers on a Number Line

The number lines below are not quite complete. See if you can use a hundred square or your knowledge of the number system and fill in the missing numbers.

1.	
2.	
3.	
4.	
5.	
6.	
7.	
8.	
9.	
10.	

Challenge – Can you create a number line for the next set of numbers after 100?

## Using Mathematical Language – More than or Less Than

Using words in maths is almost as important as using numbers. To complete this sheet you will need to use the words below. Copy them out underneath and then talk to an adult about what they mean.

<i>More Than</i>	<i>Less than (fewer)</i>	<i>Equal to</i>	<i>Most</i>	<i>Least</i>

Here are five cats. For each other group of objects below, can you say if the number of animals in the box is fewer than 5, more than 5 or equal to 5. Write the correct answer below the box.

When you have finished, decide which box has most animals in it and write MOST in the box. Next decide which box has LEAST animals in it and write LEAST in the box.

Challenge – draw some sets of animals more than and fewer than 7.

<i>e.g. Fewer than 5</i>			

# Elmer Subtraction From 20 Colour by Numbers Sheet

Solve the calculations in the boxes to work out what colours they should be!

3 or 11 = Yellow    4 or 12 = Orange    5 or 13 = Blue

6 or 14 = Red    7 or 15 = Purple    8 or 17 = Black

9 or 18 = Pink    10 or 19 = Green    16 or 20 = pick your own colour!

# Addition and Subtraction to 20 with a Number Line Activity Sheet 1

Example:	
$11 - 5 = 6$	

Can you work out the answer and draw a picture or write a sentence about it?

The first one is done for you.

1.  $18 - 6 =$

*My Dad buys 18 eggs but breaks 6 of them. How many eggs does he have left?*

2.  $8 + 12 =$

3.  $11 + 9 =$

4.  $17 - 8 =$

# Addition and Subtraction to 20 with a Number Line Activity Sheet 2

Example:

$$11 - 5 = 6$$

Can you work out the answer and draw a picture or write a sentence about it?  
The first one is done for you.

1.  $8 + 6 =$

*I have a bookshelf with 8 books on and another with 6 on. How many books do I have altogether?*

2.  $14 - 3 =$

3.  $5 + 6 =$

4.  $10 - 7 =$

# 100 Square

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100
