

# Our Local Area: Houses and Homes

There are lots of different types of houses and homes in our local area.

Look at the pictures and read the information to find out about some of the different types of houses.

# detached

A detached house doesn't share walls with any other building.

# Make a Model Home

Use recycled materials to make a model of a house type of your choice.

Think about what real homes need when you plan your model.

Do you know where this type of housing is in our local area?

*Extension: Go for a walk and try to spot different types of houses. You could make a tally chart to see which types of houses are most common in your area.*
